No.B3-22-173/59. OFFICE OF THE CHIEF CONSERVATOR
Encls: Two & Sketch. OF FORESTS IN MYSORE, BANGALORE
DATED: 8 AUGUST 1961.

To

The Secretary to the Government of Mysore,

Agriculture and Forest Department,

BANGALORE.

Sir,

Subject:--Grant of Forest land for construction of a road from Harwada to Belekeri.

.....

In continuation of this Office letter of even No. dated 29th March 1961 on the above subject, I enclose a copy of letter No.FOP/GFL/165/26/60-61, dated 19th June 1961 from the Conservator of Forests, Belgaum Circle, Belgaum, along with its enclosures, recommending the release of 2 acres and 24 guntas of land from Forest Survey Nos.245, 246, 249, 253 and 255 of ~~[illegible]~~ Harwada Village for the formation of a road from Harwada to Belekeri by the Fisheries Department. As per Article 143 of Bombay Forest Manual Volume II, the practice prevailing in Kanara District is to allow Forest land devoted to the use of P.W.D. and D.L.B. to continue to remain as Forest. Hence, there is no need to disforest the area in question. The area may be ordered to be transferred to the Fisheries Department for the formation of a road to a width of 33'. The Casuarina trees in the area will be disposed of by this Department before handing over the area.

Orders of Government may be issued early for taking further action.

The sketch may be returned when done with.

Yours faithfully,

7/8

CHIEF CONSERVATOR OF FORESTS.

Belgaum, 19 June, 61.

To

The Chief Conservator of Forests
in Mysore, Bangalore.

Sir,

Subject:-Grant of forest land for construction of a road from Harwada to Belekeri.

Ref:-Your No.B3-22-173/59 dated 29-3-1961.

I submit herewith Divisional Forest Officer, Kanara Western Division, Karwar's No.FOP/GFL/SR-337 of 26-5-1961, in duplicate, together with its enclosure and state that the Superintendent of Fisheries (Coast) Karwar has now applied for release of 2 acres and 24 gunthas of area from F.S.Nos. 245,246,249,253 and 255 of Harwada village, for formation of a road having a width of 33', as shown in the enclosed sketch. The proposed road passes through casuarina plantation raised by this Department and the trees standing in the road alignment will have to be disposed of by this Department. The Fisheries Department wants to construct the road, for transporting fish and at the same time its construction will facilitate easy communication. The road will connect the village Harwada with the main Karwar-Bellary Road as well as Belekeri port and will be of immense benefit to the fishermen as well as other people of the villages round about.

2. In view of the reasons stated, I recommend that an area of 2 acres and 24 gunthas be released for the purpose to the Fisheries Department.

3. As per Article 143 of Bombay Forest Manual Volume II Part V-E, the practice prevailing in Kanara District is to allow forest land devoted to the use of P.W.D. and of D.L.B. to continue to remain as forest and not be disturbed. Hence in view of this case, there seems to be no necessity of disforesting the area that would be covered by the road and it will do if the area is transferred to the Fisheries Department for formation of a road. Hence I request you to kindly obtain sanction of Government to transfer the area of 2 acres and 24 gunthas from the F.Sy. Nos. referred to in para 1 supra. The casuarina trees standing in road section will be disposed of by this Department before handing over the area to the Fisheries Department.

Yours faithfully,

D. Nanjundappa

(D.Nanjundappa) 12/6
Conservator of Forests,
Belgaum Circle.

Copy to the Divisional Forest Officer, Kanara W.D.Karwar for information.

Letter.

Sub :- Grant of land for construction of a road from Harwada to Belekeri.

No. DOP/GFL/GR-337
Karwar, 26-5-1961.

To

The Conservator of Forests,
Belgaum Circle,
BELGAUM.

Ref :- Your No. FOP/GFL/165/25/60-61 dated 4-2-1961.

The Superintendent of Fisheries (Coast) Karwar has requested to release forest area out of S.Nos. 245,246,249 253,255 to the extent given below for construction of an approach road from Harwada to Belekeri.

RS. Nos.	Area.			
245	220' x 33'	=	7	gunthas.
246	940' x 33'	=	28	"
249	790' x 33'	=	24	"
249 253	1150' x 33'	=	35	"
255	340' x 33'	=	10	"

104 gunthas = 2 acres 24 gunthas.

2. A blue print of the plan of the road proposed to be constructed is obtained from the Executive Engineer, Karwar Division as requested by the Superintendent of Fisheries and is enclosed herewith. From this blue print, it would be seen that the alignment of the road proposed to be constructed by the Fisheries Department follows the direction of alignment proposed under this office No.C/11/1283 dated 30-10-1959. It however deviates from the line which according to this office proposal runs all along the Eastern boundary of S. Nos. 246, 249, 253 by leaving a narrow edge out to adjoin cultivation. This can be seen by comparing the blue print with the sketch accompanying your No. 22/23/58-59/1904 of 14/15-9-1959. Besides, against the Road width of 20' originally proposed, the present proposal of Fisheries Department encloses 33' width within the road area.

3. My proposal is however that the fisheries department may have 33' road width, but it may not deviate from the original proposal of this office and requiring the road to follow the boundary within S. Nos. 245,246,249 & 253 and not leave/cut any edge to make things unmanageable and complicated.

26/5

(S. M. Wagle)
Divisional Forest Officer,
Kanar Western, Karwar.
